

NCFE

Functional Skills Qualification in Information and Communication Technology (ICT) at Level 1 and Level 2

Qualification Number: 501/2324/5

Course Overview

The NCFE Functional Skills qualification in Mathematics at Level 2 is an ideal qualification for learners wishing to develop practical, transferable skills in Mathematics in order to work confidently, effectively and independently in life. It is suitable for a wide range of individuals and is fundamental to the successful completion of various wider qualifications and frameworks, such as Apprenticeships.

Entry Guidance

- This qualification is designed for a wide range of learners who want to develop practical and transferable skills in Mathematics.
- There are no specific recommended prior learning requirements for this qualification. However, learners may find it helpful if they've already achieved a Level 1 qualification.
- This qualification is suitable for learners aged pre-16 and above, although it is recommended that learners should be aged at least 14.

Progression opportunities

- Learners who achieve this qualification could progress to:
- NCFE Functional Skills qualifications in English
- NCFE Functional Skills qualifications in Information and
- Communication Technology
- Level 3 Core Maths qualifications

How is the qualification assessed?

Assessment is the process of measuring a candidate's skill, knowledge and understanding against the standards set in a qualification.

External Assessment

- Each candidate is required to undertake an externally set and assessed task-based question paper.
- Questions are set and assessed by NCFE. The paper assesses candidates' knowledge and skills, covering each of the process skills and a selection of the skills sub-sections of the Functional Skills Mathematics standards at Level 2.
- The assessment is administered by centre staff under examination conditions and will last for 2 hours. This includes candidate reading time.
- Certificates are issued automatically after successful completion of the external assessment.

Duration

The Functional Skills ICT course can be completed over 8 weeks studying part time, or earlier depending on your available time and how quickly you can absorb the information. Learners will have access to this course for up to 6 months from the date of joining. There is no time limit to complete the course during this period.

How Will You Be Assessed?

Assessment is the process of measuring a learner's skill, knowledge and understanding against the standards set in a qualification. Each learner is required to undertake an externally set and assessed task-based question paper.

The Paper Will Be Split into 2 Sections:

- In the first section the learner will fulfil requirements to use email and/or the internet
- In the second section, internet and email access will need to be closed down and learners will look at practical use and application of ICT.

What Happens Next?

Once purchased you're all set to get learning. You will receive your unique email address and access code, along with instructions on how to get going with our Learner Management System.

Fees £375 + VAT

This includes registration, assessment and certification

Key Facts

Qualification number: 600/0030/2 (Level 1) or 600/0139/2 (Level 2)

Level: NQF Level 1 or Level 2 Awarding Organisation: NCFE

Assessment

2 Mandatory task-based assessments
