

Certificate in Business Writing Skills

Overview

Many people may be skilled in Business, or may be skilled in writing but combining the two together can be a difficult task. Talented writers often struggle with the terminology of business and how to tailor their writing towards the market; similarly, many who have specialised in Business may struggle to masterfully write their proposals if it is not something they have needed to do in the past. This course will help you to combine these two skills together in order to write excellent business proposals and accounts, regardless of which area you might feel more proficient in.
