About this course

The ATHE Level 5 Extended Diploma in Computing and Artificial Intelligence is a comprehensive qualification designed to equip learners with the foundational knowledge and practical skills necessary to excel in the fields of computing and AI. This diploma covers a broad range of topics, including programming, data management, machine learning, AI ethics, and algorithm design.

Who it is for

Learners with a Level 4 computing, IT or maths qualification, or solid IT work experience, who want to move into data and AI roles or on to degree study.

What you will study

Units

- Computing Projects for Digital Transformation
- Professional Development and Business Communication
- Advanced Statistics for Data Science
- Information Systems
- Advanced Project
- Advanced Database Practice
- Programming for Data Engineering
- Foundations of Artificial Intelligence for Data and Language
- Machine Learning in Practice: Structure, Strategy, and Evaluation

Where it leads

Achieving the ATHE Level 5 Extended Diploma in Computing and Artificial Intelligence enables learners to progress into or within employment and/or continue their further study, including relevant ATHE Level 6 qualifications.

As this qualification is approved and regulated by Ofqual (Office of the Qualifications and Examinations Regulation), learners may be eligible to apply for direct entry into the final year of a three-year UK Bachelor's degree, subject to each university's entry requirements.

COURSE FEE

£1500 + VAT

VAT applies in the UK

Pay by card, PayPal 0% over 3 months, Klarna, our in-house 0% plan in 3 or 5 payments, or Direct Debit via SAGE.

Why UK Versity

- BAC accredited
- 98%+ completion rate
- No exams: 100% assignment-based
- Tutors with PGCE and 10+ years' experience
- 6,500+ five-star reviews
- 11,000+ graduates
- Annual graduation ceremony in Manchester

Entry requirements

Usually aged 18+

- A Level 4 qualification in a related field, such as computing, information technology, or mathematics. Alternatively, candidates with substantial relevant work experience in the IT sector may also be considered
- English: IELTS 5.5, CEFR B2 or an equivalent if English is not your first language.

How it works

Every unit is assessed by assignment, with tutor feedback before you submit. No exams.

1. Apply online and send your documents
2. Receive your offer letter and invoice
3. Complete registration and induction, then start studying
